BROOKLYN BOROUGH PRESIDENT ANTONIO REYNOSO

The Office of Brooklyn Borough President Antonio Reynoso submits this annual report on the application, selection, and appointment process of community board members for the 2026-2028 term as required by the New York City Charter §82(17).

The New York City Charter obligates the Borough President to appoint community board members whose demographic characteristics model the diversity and inclusivity of Brooklyn's 18 community districts.

THE VISION

Borough President Reynoso believes that the best Brooklyn is one that makes space for all its neighbors, allowing assenting and dissenting voices to be heard and every experience to be validated. As such the Borough President engaged in a robust outreach and engagement campaign aimed at bringing together persons across a broad spectrum of age groups, cultures, ethnicities, professions, housing types and transportation usage, among other elements, to represent the best of Brooklyn.

THE PROCESS

The 2026 application cycle officially launched on November 6, 2025, when the application portal opened on the Borough President's website. Paper applications were also available and could be submitted either via mail or hand delivery by the February 6, 2026, deadline. Applicants were required to answer identifying questions to establish identity, eligibility, and residency. Additionally, applicants submitted a resume and a statement of interest responding to five prompts. The prompts differed for reapplicants and applicants 21 years and younger. All applicants had the option to not answer the self-identifying demographic questions on race, ethnicity, transportation, education, age, and housing.

Prior to the close of the application period, City Council members were provided with access to the application database and the demographic report for the boards within their district. Community board liaisons began the process of contacting the new applicants to schedule interviews. The interview period began on January 15 and extended through March 9. All new applicants were contacted, as well as reapplicants who attended less than 50% of general meetings during the period June 2025 – January 2026.

Using a standard matrix, the Borough President's staff engaged 679 new applicants. Each applicant was scheduled for a 15-20 minute interview that sought to verify their district eligibility and connection to the district, knowledge of community boards, and their volunteer activity. Reapplicants were asked to demonstrate the ability to attend meetings if they were reappointed. The questions for younger applicants varied to accommodate their life experiences. Staff used interview scores and demographic profiles to rank applicants. At the same time, City Council members were provided with information on their appointees, vacancies, member term expiration, and attendance. Process improvements allowed the council members to access the applications and recommendation forms online, resulting in expeditious completion.

The rankings and applications were submitted to the Borough President for review and selection. On April 28, the Class of 2026 Brooklyn Community Board members were notified of their appointments, and final rosters were shared with district managers.

OUTREACH

Beginning in October and continuing through January, targeted outreach was conducted to members with expiring terms. Members received email notifications, and at every general meeting, Borough Hall board liaisons reminded members that they would need to submit an application to be considered for reappointment. The Be Heard outreach campaign launched alongside the opening of the application portal on November 6. The Brooklyn LinkNYC network advertised the opportunity on local streets and in neighborhoods throughout the borough.

Social media outreach engaged Brooklyn residents across multiple demographics, while district managers, council members and other elected officials shared application information through their newsletters. The social media assets were also shared with the Brooklyn Public Library, youth organizations, high schools, Business Improvement Districts, NYCHA tenant associations, and special interest groups. The office hosted in-person workshops across Brooklyn, (in libraries and community centers) to engage with almost 200 people. The office also collaborated with the Center for Brooklyn History to produce a public program on the power of community boards that drew over 120 persons.

WHAT IS A COMMUNITY BOARD?
Community boards are the grassroots of our local government. With 18 community districts, Brooklyn has the most community boards of all five boroughs, each one full of people who care about the well-being of their community.
Community boards work with city agencies, elected officials, and local leaders to ensure their neighborhood's perspectives and needs are incorporated into the decisions that will affect them. This includes everything from housing development and public transit to our city's budget and services like sanitation. What each community board focuses on is largely up to the people who comprise it, which is why it's so important to get involved.

WHEN AND WHERE DO COMMUNITY BOARDS MEET?
Community boards meet each month from September through June at an accessible, in-district location. All board members are required to attend the monthly meeting in person, as well as to join a committee and attend their committee's meeting. The anticipated monthly time commitment is 6 to 8 hours.

CAN I JOIN A COMMUNITY BOARD?
All NYC residents 16 years and older who live, work, or have a significant interest in a community can serve on a community board.

HOW DO I FIND MY COMMUNITY BOARD?
To identify and learn more about your community district, visit: communityprofiles.planning.nyc.gov

WHAT IS THE APPLICATION PROCESS FOR NEW APPLICANTS?
There are two parts to the application process. First, you must fill out an application with information about you and your interest in joining a Brooklyn community board. Then, you will be scheduled for a brief, virtual conversation with a member of the Brooklyn Borough President's team. Applicants will later be notified with a decision once board selections have been made.

2026 BROOKLYN COMMUNITY BOARDS

DEMOGRAPHIC REPORT

The combined outreach efforts resulted in 1,189 applications, a 9% increase from 2025 season; 172 are newly appointed members and 309 members were reappointed. There were 12 vacancies due to lack of applications in specific council districts.

The following is a demographic review of the (172) first-time appointees, and the full board membership as of April 28, 2026.

The collection of demographic data is based on information that applicants voluntarily provided. The data in the report was calculated on the number of responses. As such, it is likely that the analysis does not provide a complete picture of the boards. Census comparison is based on the most recent American Community Survey (ACS 2024).

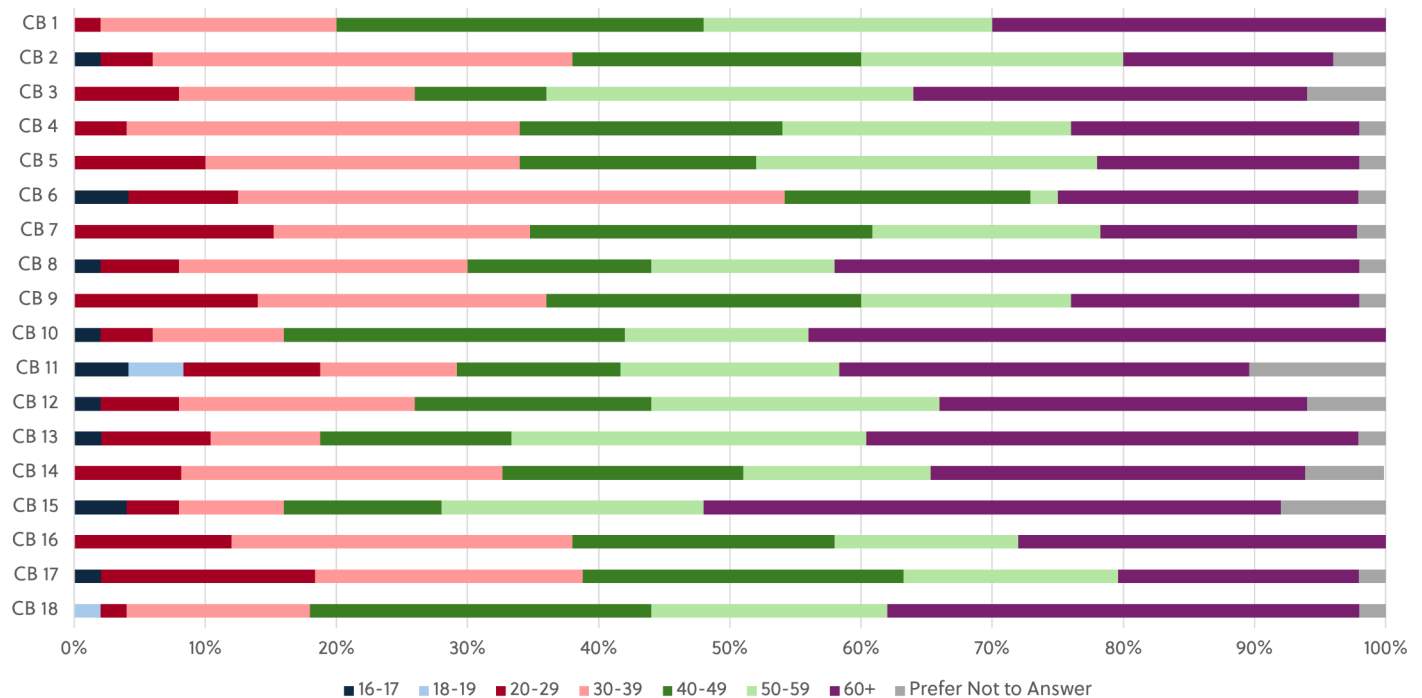

References to first time appointees are written in italics.

AGE

Age by Community Board, All Members 2026

This year, board members are slightly younger than previously with a 2% decrease in members 60 ages and older. The shift is represented in modest increases in the 30-39 and 40-49 age groups.

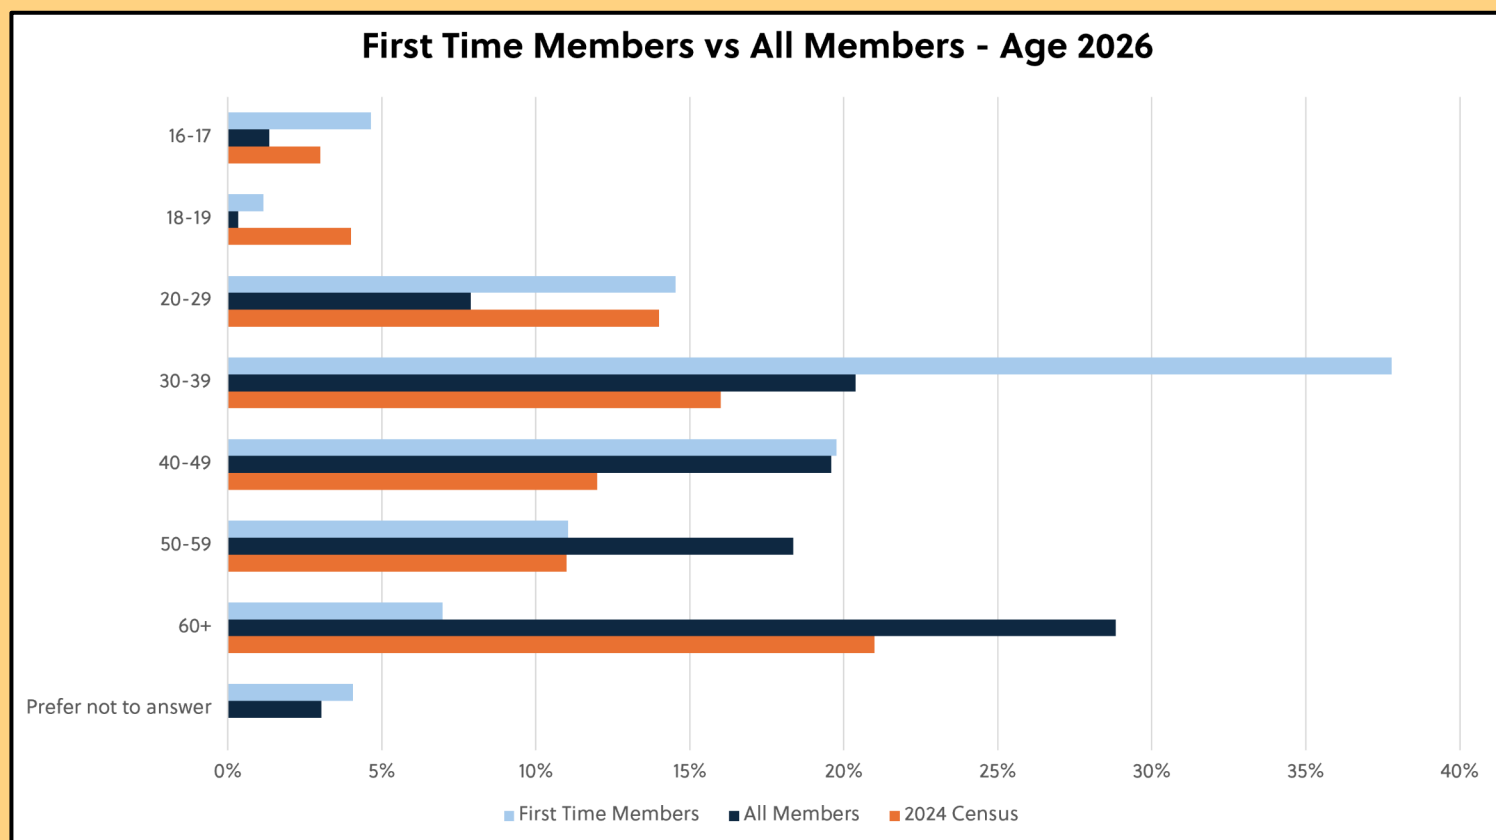

Our community board members continue to skew older than district residents. Borough wide, members age 60 and older comprise 29% of board membership, compared with 21% reported by the ACS. These members are overrepresented on Community boards 1,3, 8,10,15, and 18 in excess of 10%.

As a borough, our members ages 20-39 now make up 28% of membership, close to the ACS data recording 31% of population belonging to that cohort. Community boards 2, 7, 8,9,11,12,13, and 14 are within 5% of their districts' data point. Community Board 6 exceeds the census benchmark by 17% as half of their members fall into this age category.

CONCLUSION

Borough President Reynoso continues to work towards building an equitable Brooklyn, one which has at its core a civically active collective. Community boards are an integral component of that collective – by providing the forum for diverse voices and advocates to influence matters such as land use decisions, infrastructure, public amenities and social programming, that exert lasting impacts on a neighborhood.

This year, the outreach campaign continued the Be Heard message, reminding Brooklyn residents that community boards are spaces where all voices are welcome and community input is valued. These efforts contributed to an almost 10% increase in applications, with only one community board receiving fewer than 35 applications. Community Boards 7 and 11 continue to face longstanding recruitment challenges, as certain neighborhood segments remain underrepresented among applicants, resulting in persistent vacancies.

As the term limits established by the 2019 Charter Revision take effect during the next appointment cycle, community boards will experience a larger-than-usual number of vacancies. At some boards, a combination of normal turnover and term-limit ineligibility may result in vacancy rates exceeding 40%. In response, the Office of the Brooklyn Borough President has begun outreach focused on encouraging every Brooklyn resident to engage with their community board and contribute to a diverse, active, and representative applicant pool.

This upcoming turnover presents a significant opportunity to align community board membership more closely with Brooklyn's demographic profile and address representation gaps among renters, NYCHA residents, individuals employed in construction and retail trades, persons with disabilities, and age groups that remain underrepresented on community boards.

Continued recruitment and targeted outreach efforts will be critical to ensuring that future community board membership reflects the diversity of experiences, perspectives, and communities that make up Brooklyn.
